

3M 9322+ AURA FFP2V BULK

3M Aura 9322+ Flat-Fold Particulate Respirator

3M™ Aura™ Disposable Respirator 9322+ provides comfort and style without compromising performance. Protects against dusts and mists found in a wide variety of industrial applications and other work situations requiring FFP2 protection.

- High Performance Filter Material: 3M™ Advanced Electret filter material helps wearers to breathe easily through the respirator for more comfortable protection
- 3M™ Cool Flow™ Valve: The Cool Flow valve reduces heat build-up inside the respirator - even in hot and humid conditions
- Unique 3-panel design: Accommodates greater facial movement during speech
- Sculpted nose panel improves compatibility with eyewear, whilst the embossed top panel reduces fogging
- Innovative chin tab: For ease of fitting and adjustment of the respirator on the face
- Colour-coded headbands offer easy protection level identification - colour coded blue: FFP2 (APF = 10)
- Supplied in hygienic packaging to help protect the respirator from contamination before use, also allows practical storage and dispensing in the workplace
- Sculpted nose panel helps conform to the nose and contours of the face and helps to improve compatibility with 3M eyewear
- 3M™ Cool Flow™ Valve reduces heat and moisture build-up to offer workers comfortable protection - even in hot and humid conditions
- Maximum usage level: Up to 12 x TLV

CE Approved
EN 149:2001+A1:2009 FFP2 NR D
