

ANSELL ALPHATEC 53-001 GAUNTLET SIZE 09 (L)

Product Code

AN53-001L

Chemical-resistant glove with a unique multi-layer design for broader protection

- Maximized protection: AlphaTec 53-001 safety gloves' MICROCHEM multi-layer nitrile and neoprene protective barrier ensures EN 374 type A chemical defences and protection from acids and hydrocarbons
- Enhanced grip: ANSELL GRIP coating offers secure grip for wet or oily components
- Elevated comfort: AlphaTec 53-001 chemical gloves' soft nylon inner liner grants them a comfortable feel
- Considered aesthetics: Their black cuff design makes them perfect for dirt-prone outdoor application
- Certified skin-friendly and harm-free: Oeko-Tex certification ensures they contain no substances harmful to human health
- Improved durability:
AlphaTec 53-001 industrial gloves' multi-layer coating is also abrasion resistant, achieving EN and ANSI level 3 abrasion resistance
- 350mm length
- EN 407 Protective gloves against thermal risks X1XXXX
