## Click Medical Critical Injury Box - Low Risk BS8599-1:2019

- The new BS8599-1:2019 standard requires that any industry that has the potential risk of a critical injury should have a Critical Injury pack to supplement their normal workplace first aid kits
- The main areas for major trauma injuries would be: dangerous equipment or machinery, sharp instruments, cutting equipment, power tools, construction, agriculture, forestry etc.
- For this reason we have introduced three categories of Critical Injury packs, to cover different risks you might find in the workplace:  
Low risk, Medium risk and High risk
- Low risk - Office, small kitchen, shops, small businesses carrying out low risk activities
