

CBD DERMAL PATCH 70 X 70MM 500MG

Product Code

CM0192

- Canabidol™ CBD Dermal Patches are clinically tested to be mild and kind-to-skin, dermatologist approved and hypoallergenic safe.
- Using a unique formula containing eighteen natural plant terpenes, essential oils and 50mg of pure cannabis-extracted CBD.
- These patches offer an easy and discreet method of applying CBD.
- Each CBD dermal patch contains 50mg of CBD, plus cannabis terpene aromas from essential oils, to promote a sense of relaxation and wellbeing
- Quick, easy and discreet to apply
- Body heat helps 'activate' the patch, releasing the essential cannabis compounds
- Simply apply the dermal CBD patch to venous part of your body, like the top of your arm, inside your wrist or on your ankle.
- One CBD Dermal Patch can be worn for up to 24 hours for maximum effect.
- Clinically tested to be Mild and Kind to Skin, Dermatologist Approved and Hypoallergenic
- Directions for use:
- Simply apply the dermal CBD patch to a part of your body, like the top of your arm, inside of your wrist or on your ankle.
- One CBD patch can be worn for up-to 24 hours for maximum effect.
- One CBD patch delivers 50mg of CBD
- How much CBD can I take?
- Dosage frequency and amounts are at the user's discretion, with a maximum daily dose of 70mg of CBD.
- No more than 70mg of CBD should be dosed daily, this includes this product and any other source of CBD.
