DATASHEET

FINGER TAPE BLUE 2.5CM X 27M

- Blue tape is an Ideal form of finger protection
- Made from a cohesive, hand tearable fabric, safe to use for sensitive skin
- Protects fingertips when carrying out cutting and hazardous tasks
- The tape is non-sticky and long lasting and allows a sense of "feel" to maximise dexterity and grip
- They are porous and permit air circulation to minimise the risk of skin maceration
- The tapes are easy and painless to remove and will not pull of skin or hair
