DATASHEET

Zoll G5 AED Semi Automatic Defibrillator + CPR Device

ZOLL

- Semi-automatic unit - administers a shock at the press of a button
- Supplied with one set of adult electrode pads, battery and software
- 7 year manufacturer's warranty on the defibrillator unit
- Battery stand-by life: 4 years
- Battery shelf life: 5 years (from date of manufacture)
- 2 year electrode pad life (from date of manufacture)
- Daily, weekly and monthly self-tests performed by the unit
- Increases energy levels if more than one shock is required
- LED indicators show when the device is ready for use and the remaining battery capacity
- Available with CPR Device (CPRD) feature: provides real-time CPR feedback for correct compression rate and depth
- Provides voice and text prompts to help guide the rescuer throughout CPR and defibrillation treatment
- Robust IP55 rated design for high resistance against dust and moisture
- Includes non-polarized adult pads that can be placed in either position on the patient
- Stores usage information that can be later transferred to a computer for analysis: USB port
- Time taken for initial analysis to ready to shock: 15 seconds (typical)
- Can be used to treat young patients (1-8 years old) using the paediatric infant/child pads (sold separately)

This item is shipped directly from the manufacturer, please allow 7 days for delivery.
